---

[REDACTED]

I had unexpected surgeries in both Sept and Dec and will have continuing rehabilitation in Jan. This has limited my ability to work on many items (including your request) and delayed our overall efforts. We are continuing to work on your request and will keep you apprised.

Happy New Year!

Warmest regards,  
Tara

We continue to work on your request and expect to provide at least partial records in December. We will continue to provide a regular update until we have completed the request.

Happy Thanksgiving!

Tara

Hi Ms. Devine.

The law requires you to set a date by which you will provide the records rather than a date by which you will provide an "update."

It also requires you to make records available promptly, which you have failed to do.

Thanks,

[REDACTED]
